

FOSSIL FRIENDS

GEORGIA STANDARDS OF EXCELLENCE:
SKL1a, SKL2a, S1L1b

K + 1st Grade

DESCRIPTION

Come visit Stan the T-rex and Lane the Triceratops as these two dinosaur friends find out if objects are alive or not, what living things need, and how living things grow and change. Students will have the chance to build their own living thing and help it thrive!

FIELD TRIP - APPROXIMATELY 2 HOURS

30 MINUTES - FOSSIL GALLERY

- Meet Stan the T-rex and Lane the Triceratops
- Discuss living or non-living things
- Consider the basic needs of animals

30 MINUTES - LAB

- Learn how to move like a dinosaur
- Review the basic needs of animals
- Match young animals to their parents based on their similarities and differences
- Create an animal based on their environment

30 MINUTES - FOSSIL DIG

30 MINUTES - STORE

TAKE HOME ITEMS

- Keep 3 fossils excavated from the Fossil Dig and a fossil mold
